Through these engaging lessons and smart instructional moves, you will empower your students to build the confidence and competence they need to become strong, impact of this instructional approach, and this book shows you how to implement and refine the practice such that all students succeed.” —Doug Fisher, author of

Lori Oczkus knows how to take the best of what works from long-established research and showcase it to make teaching and learning more effective, engaging, and

evidence-based and classroom-tested strategies, Oczkus presents new ways to use reciprocal teaching to improve students’ comprehension while actively engaging

insensitivity to racial and gender issues. Increasingly, they are cited as another “weak link” in American public education. This book goes beyond the headlines to
